We at Myers Chemical feel we deliver the premier Healthy High Performance Cleaning System available in the marketplace today. We want to be far more than just a chemical supplier-we want to be your cleaning consultant!

As your consultant, we will work with you and share in your responsibilities to attain the best results at the lowest cost while achieving the maximum in results. Here is an outline of how we plan to achieve these results.

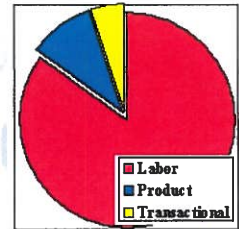

### Customer Needs Assessment

At Myers we understand all customers cleaning needs & levels are different. A needs assessment allows us to customize a cleaning program to fit each customer for the maximum results.

ISSUES	LEVEL OF CONCERN		
	High	Medium	Low
Product			
Increase productivity			
Just in time inventory			
Inventory condition			
Meeting OSHA EPA regulations			
Asset Replacement			
Preclude			
Levels of Cleanliness			
Motivation of Personnel			
Reduce Trip Incidents			
IAQ			
Chemical Safety			
Justify Staff			
Quality Measurements			
Customer Satisfaction			
Employee Satisfaction			
Equipment Maintenance			

### Asset Preservation

The Myers total solution is a 360° facility management program. Its goal is to reduce the overall cost of the maintenance program, while improving quality. Increasing organizational morale, safety and productivity while reducing product, equipment, and labor cost.

### Bacteria Hot Spot Testing

ATP testing systems determine the cleaning efficiency and hygienic status of surfaces. The germs and bacteria are invisible but you can keep an eye on them through our new ATP meter- a System Sure Plus device that helps you detect residues and unwanted agents on the surfaces, so you can act upon and prevent the spread of breeding bacteria immediately. The ATP meter makes it possible to monitor just how clean surfaces are by detecting the level of microbial contamination on surfaces in just seconds.

### UV LED Testing

UV LED Detector is designed for bed bug hunting, mold detecting, stain detecting, and body fluid locating with ultraviolet. Many times there is an odor in a room, but it may not be clear where it is coming from. UV LED Detector can help determine the location of an odor and make the cleaning job easier. Long wave UV light is required to find contaminants such as urine and mold.

### IAQ Testing

The quality of indoor air inside offices, schools, and other workplaces is important not only for workers' comfort but also for their health. Poor indoor air quality (IAQ) has been tied to symptoms like headaches, fatigue, trouble concentrating, and irritation of the eyes, nose, throat and lungs. Also, some specific diseases have been linked to specific air contaminants or indoor environments, like asthma with damp indoor environments.

## ***Regulatory Compliance***

We provide regulatory compliance training that will explain the MSDS form and its use along with OSHA bloodborne pathogen issues and safety. HAZCOM and Right-To-Know training will also take place and will include training manuals and enrollment forms. Myers will conduct a safety survey to make sure you have MSDS center, blood spill kit, glove dispensers, and eye wash center in place.

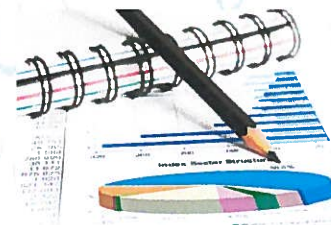

## ***Continuing Education***

Myers Supply is a CMI Certified Expert Training Facility to provide our customers with the Cleaning Management Institute's Custodial Technician Certification Training Program. The Custodial Technician Training Program is divided into 6 classes Chemistry of Cleaning, Cleaning of Hard Floor Surfaces, Cleaning of Carpeted Floor Surfaces, Cleaning of Above-Floor Surfaces & Green Cleaning.

## ***Account Management***

Our philosophy is not only to offer the tools to perform the cleaning task itself, but to look at all aspects of the daily operation to which we can provide advice and support.

## ***Physical Site Support / Problem Solving***

Wherever physical support is required, a team of account managers are on hand. From dispensing equipment installations to problem solving, we have the people who can answer your needs. Our local distributor network is on hand to offer support of a more proactive nature including weekly Preventive Maintenance, Inventory Control, Reporting & Product Training.

## ***Product Availability***

Our products are stocked locally at our Hot Springs and Little Rock locations and delivered to you on a regularly scheduled basis. Our products are all available with minimal lead-time, thereby eliminating the need for large inventories of products in stock at your facility.

## ***Healthy High Performance Products***

At Myers, we've partnered with the pioneers of healthy cleaning and green certified products. In developing the Healthy High Performance Cleaning Program, our knowledgeable staff and suppliers have invested significant time analyzing tens of dozen of chemicals and paper products to determine the most effective, environmentally safe products. The vast majority of products used in the program are Green Seal approved and all conform to U.S. Green Building Council standards.

## INTRODUCING OPTI-PAK. LAUNDRY AND WAREWASH PROGRAM.

### Warewash – Dishing Out Superior Formulas

#### Opti-Pak Detergent

Opti-Pak ultra-concentrated Machine Warewash Detergent is a heavy-duty, multi-temperature machine warewashing detergent. Its superior formula ensures instant mixing, automatic dispensing ease, and consistent results.

- Effective on a wide range of soils
- Outstanding performance in all water conditions, particularly in bicarbonate alkalinity and other high T.D.S. applications
- Non-chlorinated, non-foaming, and bio-degradable

#### Opti-Pak Rinse-Aid

Opti-Pak ultra-concentrated Machine Warewash Rinse-Aid is specially formulated to work in both low and high temperature dishmachine applications.

- Special conditioning agents reduce surface tension to provide rapid sheeting and drying
- Controlled foam formula is effective over a wide temperature range and eliminates spotting caused by water impurities

#### Opti-Pak Sanitizer

Opti-Pak Sanitizer is the tried and true Sodium Hypochlorite you know and trust.

- EPA registered
- Twice the active concentration of household bleach
- No-Rinse formula

#### Opti-Pak Silverware Pre-soak

Opti-Pak ultra-concentrated Silverware Pre-soak is specially formulated for presoaking and detarnishing flatware. Its superior formula performs equally well in hard or soft water.

- Reduces water spotting and dishmachine rejects
- Detarnishes flatware
- Reduces dishmachine detergent use

### Manual Warewash – Serving Up Ultra-Concentrated Performance

#### Opti-Pak Manual Pot & Pan Detergent

Opti-Pak ultra-concentrated Manual Pot & Pan Detergent is a heavy-duty, high-solids warewash detergent. Its superior grease-cutting formula ensures instant mixing, long-lasting effectiveness, and consistent results.

- High performance grease cutting formula
- Remains active even with high soil loads
- Rinses well

#### Opti-Pak No-Rinse Sanitizer

Opti-Pak ultra-concentrated No-Rinse Sanitizer is specially formulated to ensure your wares are properly sanitized.

- EPA registered formula
- Effective against E-coli O157:H7, listeria monocytogenes, salmonella enterica, MRSA and others
- No-rinse formulation

## OPTI-PAK IS THE RIGHT PAK!

The wall-mounted system gets product up off your floor, and requires less storage space and inventory, which means a lower dollar investment and a more economical cleaning program for you.

- Ultra-Concentrated for lower inventory and maximum cost effectiveness
- Closed-Loop System (no pouring from bottles!)
- Gets product up off the floor
- Compact packaging = less storage space
- Easy to understand color-coded packaging
- Easy to use and safe for your employees

### 5 EASY STEPS TO REPLACE SHUTTLE

Slide button at top of docking station to the RIGHT.

Pull empty bottle toward you to remove.

Remove cap from new product bottle.

Slide bottle straight into docking station.

Slide button at top of docking station to the LEFT to lock in place.

# ONE PACKS™

## » The Next Generation of Dispenser-Free Control Systems

Stearns One Packs™ are a comprehensive line of more than 60 professional-grade cleaning liquids and powders, innovatively packaged in premeasured packs. Precise measuring guarantees accurate-strength solutions every time, maximizing cleaning performance while saving you time and money.

Traditional dispenser machines may accurately mix concentrates, but they are prone to fail, complicated to operate, and they force workers to waste time returning to the supply closet to refill buckets and bottles. Dispenser-free One Packs™ have no moving parts or plumbing to break down, require almost no training, and are uniquely portable – allowing your staff to accurately mix anywhere in the facility.

Switching your operation over to One Packs™ couldn't be easier: there is no costly equipment to install, no special training, and no

fixed water hook-ups required. In fact, with One Packs™, you can eliminate solution centers completely – saving valuable space in custodial closets.

Don't limit your staff's effectiveness with outdated equipment and methods when the next generation of dispenser-free control is just a phone call away with Stearns One Packs™.

*One pack per bottle or bucket,  
one trip to the supply area. No  
hardware. No plumbing. No problems.  
That's the Stearns One Packs™ promise.*

### Simplify Distribution

With the One Packs™ Express program, top-performing cleaners are specially packaged to include 10 packs of a single premeasured product per carton, packaged 10 cartons per case. The handy 10-packs simplify distribution to:

- Remote sites
- Franchises
- Mobile crews
- Multi-store locations
- Multi-building campuses
- Facilities with limited custodial

# ONE PACKS

Dispenser-Free Control Systems®

## » Certified Environmentally Preferred Products\*

Introducing a special line of Stearns One Packs™ products in source-reduced packaging, and Green Seal Certified to clean your entire facility with minimal environmental impact. These products are formulated to meet the stringent standards of Green Seal GS-37 and conform to the California Air Resources Board maximum allowable VOC levels.

The US Green Building Council, the EPA, and other organizations are requiring cleaning operations to use green chemistry, reduce packaging waste, and focus on sustainable cleaning programs that reduce the impact on our environment and health while improving worker safety.

---

*\*These products meet the Green Seal™ environmental standard for industrial and institutional cleaners based on their reduced human and environmental toxicity and reduced volatile organic compound content.*

---

### GS Extra-Strength Cleaner Concentrate

A heavy-duty all-purpose cleaner and degreaser for superior penetration and removal of greasy soils. Cleans safely without hazardous fumes and harmful by-products. Ideal for use on all surfaces.

### GS Neutral Cleaner Concentrate

A mild pH-neutral cleaner designed for mopping all types of floors and cleaning washable surfaces. Contains no caustic, abrasive, or harsh ingredients to mar fine floor finishes. Leaves surfaces sparkling clean without film or streaks.

### GS Restroom & Bowl Cleaner Concentrate

Non-corrosive and free of harmful acids. It cleans toilet bowls, urinals, tile walls, tubs, and sinks with ease and safety. Breaks down and removes daily accumulations of soils, limescale, and urinary salts with its high foaming action. Fresh clean fragrance.

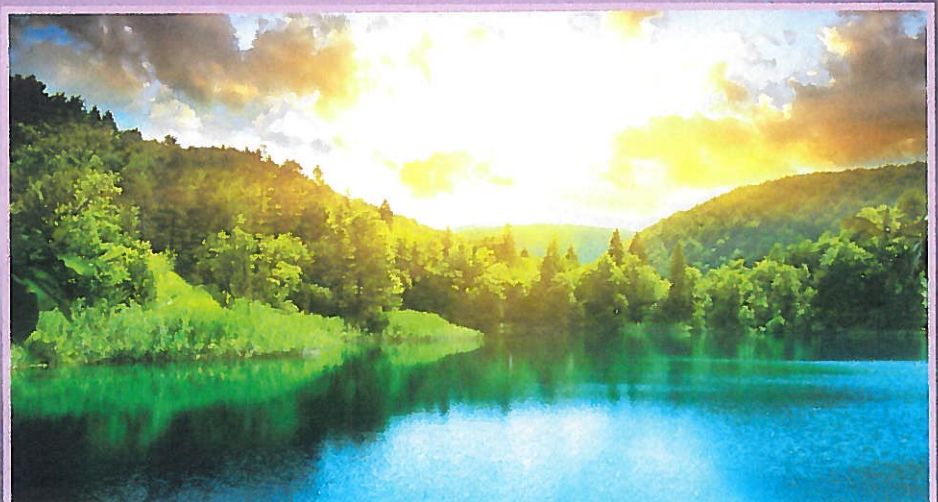

### GS Window Cleaner Concentrate

A super-concentrated window cleaner that leaves glass, stainless steel, and other hard surfaces free of streaks, soils, smudges, and grease. Formulated without solvents, glycol ethers, or ammonia. Contains no VOCs and is safe on plastics.

### Environmental Impact Statement

For more than forty years, the concept of premeasured products with reduced packaging, accurate measurement, and safe formulations has been the cornerstone of Stearns' product philosophy. It is our objective to help our customers meet their goals by focusing on the principles of environmental sustainability. In cooperation with government and environmental agencies, our ongoing evaluation of formulations and packaging technology ensures quality performance while reducing

# QUART'R PACKS®

## » Water-Soluble Packets for Quarts

Introducing Quart'r Packs®, a quicker and simpler dilution control system for spray-and-wipe cleaning. A complement to our Water Flakes® line, each packet of Quart'r Packs™ dilutes with one quart of water.

Containing exact portions of powdered cleaning concentrates, Quart'r Packs® are packaged in water-soluble film. They dissolve quickly in water – no pouring,

measuring, or opening packets. Just drop one Quart'r Packs® packet into one quart of water, and you are on your way to a cleaner and greener facility.

Quart'r Packs® are packaged four small tubs per case. Or, choose one tub and one silk-screened color-coded bottle per case.

Now available in four formulations:

- Extra-Strength Cleaner
- Neutral Cleaner
- Window Cleaner
- Powdered Detergent/Disinfectant\*

Just drop one  
Quart'r Packs® packet  
into one quart of water, and you are  
on your way to a cleaner and greener facility.

**QUART'R PACKS**  
Dispenser-Free Control Systems®

The Design for the Environment (DfE) scientific review team has reviewed each ingredient in this product for potential environmental and human health effects. Recognized for safer chemistry.

\*Powdered Detergent/Disinfectant is not Design for the Environment (DfE) recognized.

# QUART'R PACKS

Dispenser-Free Control Systems®

## Neutral Cleaner

Designed for routine maintenance on most floors. Removes soil from heavy traffic areas. Protects floor finish. Ideal for a wide variety of surfaces, including terrazzo, marble, slate, vinyl, asphalt, ceramic, and quarry tiles. Specifically designed for microfiber and flat mopping systems. Pine scent.

One packet makes 1 quart for all-purpose cleaning.

Use with #9660 pre-printed spray bottles.

# WATER FLAKES®

## » Quick and Simple Water-Soluble Packets

Some cleaning products are delivered and stored more efficiently as powders instead of liquids. To complement our innovative One Packs™ premeasured system for liquids, Stearns has developed the revolutionary Water Flakes® water-soluble packets for powder concentrates.

Water Flakes® are exact portions of powdered cleaning concentrates, packaged in a water-soluble film that dissolves quickly in water. Just toss one into a sink, toilet bowl, or bucket of water, and you have the perfect-strength solution in seconds – without measuring, pouring, or even opening any packages.

Water Flakes® give you the same great advantages as One Packs™ – no waste, no confusion, and point-of-use mixing without dispensing equipment. They are shipped in your choice of lightweight storage tubs or larger-size reusable pails, and are offered in 10 popular formulations:

- All-Purpose Cleaner/Deodorizer
- Bowl Cleaner
- Bug Blitzer®\*
- Floor Conditioner and Neutralizer
- Heavy-Duty Cleaner Degreaser\*
- Neutral Cleaner
- Porta-Fresh Holding Tank Deodorant\*
- Pot & Pan Detergent
- Powdered Detergent/Disinfectant\*
- White Wings® Ultra Laundry Detergent

**WATER FLAKES®**

# EZ SKIN CARE™

BY KUTOL

## WALL MOUNTED DISPENSING SYSTEM

### One Dispensing System for BOTH Foam and Liquid!

Originally developed for our popular EZ Foam® foaming soaps, the EZ Skin Care™ Dispensing System now accommodates Three EZ Liquid™ lotionized soaps as well. Versatility that allows more options and easier changeovers; stock one dispenser for both foam and liquid.

- Guaranteed leakproof
- Large view window
- ADA compliant
- Secured keyed locking option
- Multi-lingual packaging
- KIDS - "Key Illness Defense System"™ education support materials

### Nine Thick, Rich Foam Formulas

- Economical EZ Foam® dispenses .75mL of rich foam per push vs. 1.5mL per push for most bag-in-box liquid systems. Assuming one dose per hand washing, EZ Foam® will provide twice the number of hand washings per 1000mL bag.
- Wonderful soft feel and great fragrances. Moisture Wash formulas contain the highest amount of moisturizing skin conditioners. Luxury Hand Soap is Green Seal™ Certified.

### Three Premium Liquid Soaps

- EZ Liquid is ideal for those who prefer traditional liquid hand soaps. Three desirable formulas for hand and body cleaning.

## SMALL CAPACITY BAG-IN-BOX

### Soft & Silky 500mL, 800mL, 1200mL and 1000mL Boxless Bag

The most convenient and widely used dispensing system today, the Soft & Silky line features contamination-free sealed pouches with integrated dispensing tubes in a broad range of products and sizes.

- **500mL** - For all dual and twin style dispensers
- **800mL** - The most common bag-in-box size and designed to fit most competitive dispensers.
- **1200mL** - Lasts longer, requires fewer change outs and reduces labor. Utilizes the shorter, large diameter tube assembly.
- **1000mL Boxless Bag** - Save Money and Reduce Waste... Eliminate the box! Fits most 800mL dispensers for less money than traditional bag-in-box.

## DISPOSABLE PUMP STYLE

### Clean Shape® 1000mL Liquid and 950mL Foaming

Available in traditional liquid soap and three Foaming varieties, the Clean Shape disposable dispensing system is the perfect option for any operation and doesn't require the cost of expensive cabinets. The unique design, pearlized finish and attractive labeling compliment every décor. In addition, Clean Shape bottles remain stable when pumping and comply with ADA guidelines. For added security and functionality, a matching economical wall bracket is available.

# WAREWASH CHEMICALS

## MJ-10

Hi Temp Dish Detergent

PACK: 1/5 gl

A superior machine washing detergent. It is formulated to have good detergency at low concentration, thus making MJ-10 economical. Excellent in hard water conditions. USDA A2 approved.

## MACHINE KLEEN

Low Temp Dish Detergent

PACK: 1/5 gl

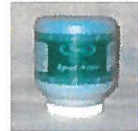

A premium low temp dishmachine detergent with high alkalinity, high chelation and a high builder level. Contains polymeric dispersants to work scale free in water with high solids. Chlorinated and phosphated. USDA A1 approved

## EXTRA STRENGTH DISH

Solid Dish Detergent

PACK: 4/5 lbs

A highly concentrated, caustic based solid machine detergent. Use in soft & hard water conditions. Offers excellent use cost. This product is a quality high or low temp detergent.

## CHLORINATED MACHINE DISH

Powder Dish Detergent

PACK: 50, 100 lbs

A highly concentrated alkaline machine wash powder. Chlorinated and phosphated. Excellent for medium soils. USDA A2 approved.

## SOAK IT

Solid Pre Soak

PACK: 4/5 lbs

A mildly alkaline cast detergent formulated for pre-soaking and detarnishing silverware. Quickly penetrates soils. Works well in soft or hard water. Will not pit, scratch or damage when used as directed. Excellent for presoaking grease trays, oven racks, pots, pans, and other heavily soiled items.

## SCALE X

De Lime

DILUTION: 6 to 32 oz Per GL of Water

PACK: 4/1 gl

A liquid lime scale remover. This product contains an anti-foam so it can be used in high agitation machines without problems.

# WAREWASH CHEMICALS

## SANICHLOR

Low Temp Dish Sanitizer

PACK: 1/5 gl

Concentrated, stabilized 10% sodium hypochlorite solution formulation designed to provide effective sanitizing specifically for hospitals, nursing homes, schools, food processing plants, food service establishments and other institutions where sanitizing is of prime importance in controlling the hazard of cross contamination. [EPA registered](#)

## DSQ-10

Multi Use Sanitizer

PACK: 4/1, 1/5 gl

DSQ-10 is designed specifically for hospitals, food processing plants, dairies, restaurants, bars, animal quarters, kennels and institutions where sanitation are of prime importance. When used as directed, DSQ-10 is formulated to disinfect pre-cleaned inanimate, hard surfaces such as wall, floors, sink tops, tables, chairs, telephones and bed frames. In addition DSQ-10 can also be used to sanitize previously cleaned food grade eggs and processing plants. [EPA registered](#).

## SPOT FREE

Solid Rinse

PACK: 4/5 lbs

A concentrated drying agent cast in solid form. Non-acid. For automatic dish machines. Excellent defoaming and sheeting. Formulated for both high and low temperature applications. This cost effective product yields superior results at very low use levels. Easy to handle, store and use in a 5 lb capsule.

## QUICK DRY

Multi Temp Rinse

PACK: 4/1, 1/5 gl

A highly concentrated liquid rinsing agent for machine dish washing. Quick Dry contains defoamers, chelating agents and is highly active. Formulated for both high and low temperature applications. This cost effective product yields superior results at very low use levels.

## HW RINSE

Hard Water Rinse

PACK: 4/1, 1/5 gl

HW Rinse Additive is effective, economical anti-spotting agent and anti-foamer for accounts without water softeners. HW Rinse Additive is primarily used through a rinse injector on dishmachines. This product breaks down surface tension of water, so water droplets cannot form on newly cleaned china and silverware. The result is sheeting of rinse water and therefore no water spots. Contains acid.

# **DIETARY CHEMICALS**

## **PREMIUM PINK**

Solid Pot & Pan

PACK: 4/5 lbs

A solid, high sudsing, high detergency, and phosphate free top of the line concentrated detergent. This product contains a foam booster for long lasting suds. Premium Pink is tough on soils yet gentle to the skin. Scented with a citrus fragrance and good for all water conditions.

## **SUPER SUDS**

Multi Use Pot & Pan

PACK: 4/1, 1/5 gl

A light, free flowing, high density, high quality and extremely high sudsing hand detergent and general purpose cleaner in liquid form. Very mild to the hands yet tough in cutting through heavy grease and food soils. Good in all types of water. May be used for cleaning dishes, glasses, pots, pans, and tableware.

## **LIGHT SABER**

Premium Pot & Pan

PACK: 4/1, 1/5 gl

Light Saber Pot n Pan is formulated to compete with highly recognized national name brand products. It is very high in active solids, high sudsing, high detergency, phosphate free top of the line concentrated liquid detergent. This product contains a foam booster for long lasting suds. Light Saber Pot n Pan is tough on soils yet gentle to the skin. Scented with a citrus fragrance and is good in all water conditions. Amber in color.

## **OVEN MONSTER**

Oven & Grill Cleaner

DILUTION: 2 to 10 oz Per GL of Water

PACK: 4/1 gl

Instantly removes even the most stubborn soils from ovens and grills without warming.  
The fastest, most effective cleaner available for this use.  
Apply by brushing, spraying, wiping or foaming

## **OVEN GENIE**

Oven & Grill Cleaner

DILUTION: RTU

PACK: 6/32 oz Qts

Instantly removes even the most stubborn soils from ovens and grills without warming.  
The fastest, most effective cleaner available for this use.  
Apply by brushing, spraying, wiping or foaming

# **DEGREASERS**

## **SUPER SOLV**

Butyl Cleaner Degreaser

DILUTION: 2 to 32 oz Per GL of Water

PACK: 4/1 GL , 1/5 GL

This product is a high strength butyl solvent degreaser. It incorporates advanced concepts in chemical soil removal and removes a wide range of soils. Safe for use on detergent resistant surfaces, this degreaser makes fast work of even the toughest cleaning task. Can be used manually, with spraying equipment or through foam generating equipment.

## **B.A.D.**

Butyl Cleaner Degreaser

DILUTION: 2 to 32 oz Per GL of Water

PACK: 4/1 GL , 1/5 GL

This super strength butyl solvent degreaser and floor finish remover completely removes the toughest industrial soils as well as multiple layers of finish buildup. It combines alkaline strength for common soils with solvent power for petroleum grease, oil, carbon black and rubber burns. It can be used manually, with spraying equipment or through pressure washers.

## **FASTBALL**

Spray and Wipe Degreaser Cleaner

DILUTION: RTU

PACK: 12/1 QT

Instant acting, convenient, ready to use, degreaser cleaner that provides rapid penetration and removal of dry soils, grease and oil borne soils from all water washable surfaces.

## **MYERS SOLV**

Butyl Cleaner Degreaser

DILUTION: 2 to 32 oz Per GL of Water

PACK: 4/1 GL , 1/5 GL

An extra strength alkaline and butyl solvent concentrate that is effective at high dilutions on toughest industrial & institutional cleaning tasks.

## **SCUM AWAY**

Scum Remover & Renovator

DILUTION: 4 to 10 oz Per GL of Water

PACK: 4/1 GL

Chemically removes soap scum and hard water deposits without the use of harsh acids. Literally dissolves mineral deposits and body oils from shower stalls. Makes terrazzo, tile, slate tubs and sinks sparkle.

# **CITRUS DEGREASERS**

## **SUNNY CONCENTRATE**

All Natural All Purpose Citrus Cleaner Degreaser

DILUTION: 1 to 12 oz Per GL of Water

PACK: 4/1 GL

A water based, all natural citrus cleaner degreaser that exhibits exceptionally fast cleaning and degreasing action. This safe to use product is easy on the hands and contains no hazardous ingredients as defined by OHSA.

## **NSD-643**

Non-Butyl Cleaner Degreaser

DILUTION: 1 to 10 oz Per GL of Water

PACK: 4/1 GL

A mild foaming, non-butyl degreaser cleaner that is fortified with natural citrus solvents for extra grease scutting properties. Free rinsing and concentrated.

## **BREAKTHROUGH**

Natural Citrus Degreaser Deodorizer

DILUTION: 3 to 8 oz Per GL of Water

PACK: 4/1 GL

An amazing, all natural citrus extract blend with emulsifiers designed for heavy duty industrial cleaning. Removes adhesives, rubber burn marks, tar, asphalt, carbonized grease and printers ink. This 100% active material is pleasant to work with and degreases better than most harsh solvents. Over 90% citrus terpene content. Barrier tested containers.

## **SUNNY RTU**

Ready to Use Foaming Citrus Degreaser

DILUTION: RTU

PACK: 12/1 QT

A natural citrus extract degreaser cleaner that provides rapid emulsification and excellent foam retention. Environmentally friendly and safe to use.

# **GLASS CLEANERS**

## **CLEARVIEW**

Concentrated Glass Cleaner

DILUTION: 6 TO 7 oz Per GL of Water

PACK: 4/1 GL

Concentrate to be diluted with 20 parts water prior to use. Contains super detergents for rapid soil removal, leaves a filmfree surface. 100% active super concentrate.

## **CLEARVIEW RTU**

RTU Glass Cleaner

DILUTION: RTU

PACK: 12/1 QT

Heavy duty, quick acting, film-free cleaner leaves all glass surfaces sparkling and dust resistant. Will not streak. Quarts are packaged with 1 trigger sprayer per case.

## **MYERS FOAMING GLASS**

Aerosol Glass Cleaner

DILUTION: RTU

PACK: 12/19 oz CANS

A fast acting non-ammoniated glass and plastic surface cleaner for use in many institutional, commercial and industrial applications. Utilizing antistatic agents to protect against surface resoiling, this cleaner is also safe for use on Plexiglas® and plastics.

## **MYERS AMMONIATED GLASS**

Concentrated Glass Cleaner

DILUTION: RTU TO 64 oz Per GL of Water

PACK: 4/1 GL

Powerful, film-free cleaner with ammonia that leaves all glass surfaces bright, clean, dust-resistant. Does not streak.

## **THE PILL**

Concentrated Glass Cleaner

DILUTION: 1 PILL TO Per 2 1/2 GL of Water

10 Pills per Strip Pack, pre-measured, individually packaged. Concentrated window cleaner for maximum dilution and economy. Non ammoniated formula cuts through soil without streaks or smears. Non-toxic and biodegradable

# **NEUTRAL CLEANERS**

## **ENERGIZER**

Deodorizing Neutral Cleaner

DILUTION: 1 to 2 oz Per GL of Water

PACK: 4/1 GL , 1/5 GL

A user friendly neutral cleaner that cleans and deodorizes in a single operation. Especially designed for floor care maintenance. This low foaming cleaner emulsifies soils and is completely rinse free and chelated so that it is effective in hard water conditions. Contains a clean, fresh Purí fragrance. Classified by UL® for slip resistance.

## **ODD JOB**

Thick multi-purpose cleaner concentrate

DILUTION: 1 to 10 oz Per GL of Water

PACK: 4/1 GL , 1/5 GL

An alkaline-free cleaner designed for maintaining wet-look gloss floor finishes. Low to moderate foaming, this balanced detergent formula emulsifies soils for easy film free cleaning. May be used through an automatic scrubber. Fresh lemon fragrance provides a pleasant scent.

## **BLUE BLAZES**

The best truly "all purpose" cleaner.

DILUTION: 1 to 12 oz Per GL of Water

PACK: 4/1 GL , 1/5 GL

A unique detergent cleaner designed for easy "no film" cleaning for all surfaces. Especially suited for removal of grime, soap scum, body oils, and mineral deposits. Makes marble, terrazzo, tile, sinks and tubs sparkle. Works well in hard water conditions. Great product for scrub and recoat on floors.

## **MULBERRY MAGIC**

Thick multi-purpose cleaner concentrate

DILUTION: 1 to 10 oz Per GL of Water

PACK: 4/1 GL , 1/5 GL

Neutral Multi-Purpose Cleaner uses a careful blend of high and low pH surfactants, emulsifiers and wetting agents to accomplish a neutral multi-purpose cleaner. It will clean oil, grease, grime, dirt, inks and most other soils. Will not harm any surface which is unaffected by water, including tile, terrazzo, porcelain, marble, concrete, enamel and metal. Will not remove or harm floor finishes. Fresh Mulberry fragrance.

# LAUNDRY CHEMICALS

## LOW SUDS

Powder Laundry Detergent

PACK: 50 lbs , 100 lbs

A high quality top load, powdered laundry detergent. Low Suds is designed specifically for use by institutional and commercial laundries. It has good foam control properties and is an excellent riser.

For medium to heavy soils. Overall good performer.

## ENZYME PLUS

Deodorizing Solid Laundry Detergent

PACK: 4/6 lbs

Designed for institutional applications, Enzyme Plus combines detergents, enzymes, activated oxygen destainer and a fabric restorative system into one easy-to-use product. The easy-to-handle capsule is dispensed directly into the washer to provide excellent cleaning results while reducing cycle time, water consumption and energy reuse. Additional benefits include restoration of fabric appearance, elimination of chlorine damage and softening of linens during the wash cycle.

## QUADRA

All In One Solid Laundry System

PACK: 4/6 lbs

Quadra combines detergents, enzymes, activated oxygen destainer and a fabric restorative system into one easy-to-use product. The easy-to-handle capsule is dispensed directly into the washer to provide excellent cleaning results while reducing cycle time, water consumption and energy reuse.

Designed for institutional applications

## LO-3.5

Laundry Oxygen Bleach

PACK: 1/5 gal

A peroxide bleach for safe bleaching of colored fabrics. It is an extremely concentrated oxygen compound safe for most fabrics and dyes when used as directed. Oxygen Bleach does not cause yellowing. Its excellent solubility in water eliminates spotting, pinholing and fading.

## RECLAIM A & B

Laundry Reclaim Two Part System

PACK: 1/8 lbs

An amazing two step reclaim process to remove buildups and unremoved stains from linens. It powers away these soils and gets unusable "reject" linen into use, thus

**Unlined Latex**

- 18 mil; 12" length
- embossed grip
- FDA compliant

# the amazing Enduro Cloth™

**Rinse Before Use**

**Highly Absorbent**

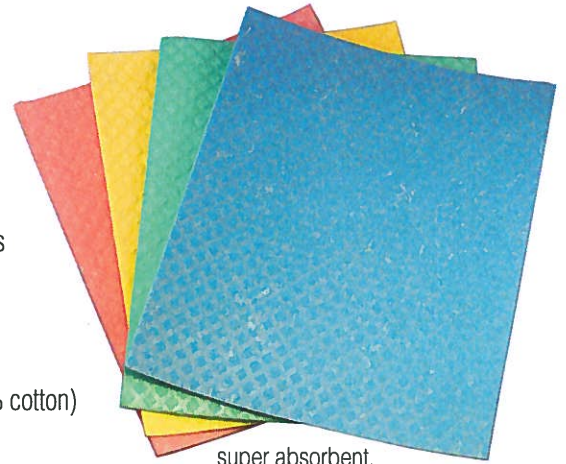

**Tear Resistant**

**Leaves No Trail**

- reusable
- soft, yet durable and firm to grip
- resistant to tearing and abrasions
- lint free
- closed pores won't harbor bacteria
- perfect for wet cleaning of hard surfaces
- highly absorbent, holds up to 20 times its own weight in water
- made of natural materials (approximately 70% cellulose and 30% cotton)
- 100% biodegradable (biodegrades in 24 weeks in microbial active soil)
- reduces waste by replacing sponges, cotton towels, wipes and up to 15 rolls of paper towels over the life of one cloth
- machine washable & dishwasher safe
- lasts for up to 300 washes
- eliminates water droplet trails other towels leave behind
- four standard colors for different application areas supports HACCP color-coding

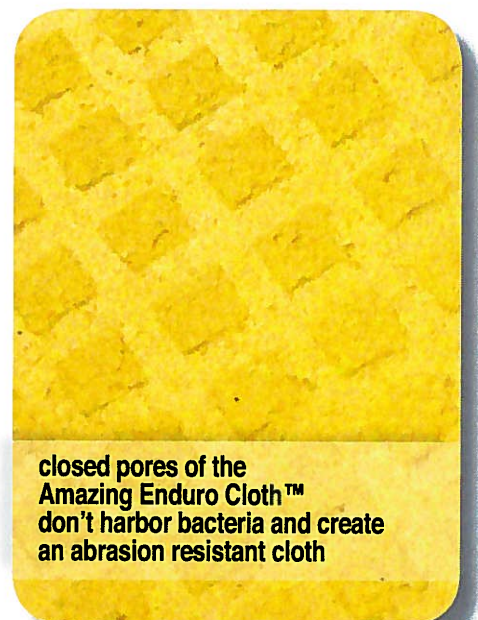

super absorbent, textured cloths are perfect for wet cleaning

**IMPACT**®  
CLEANING, MAINTENANCE AND SAFETY SUPPLIES

20400	Enduro Cloth Large	Green	12" L x 10 1/8" W	5/pk.; 12 pk./cs.

porous sponges can harbor bacteria and allow for tearing and shredding

closed pores of the Amazing Enduro Cloth™ don't harbor bacteria and create an abrasion resistant cloth
