

Simple Solutions

BOTTLE FILL

#30 *Glass and surface Cleaner*

Concentrated window cleaner for maximum dilution and economy. Non ammoniated formula cuts through soil without streaks or smears. Safe on glass, mirrors, windows, Plexiglas, chrome, Formica, plastic, and vinyl.

#51 *Deodorant Disinfectant Cleaner*

Multi-purpose hospital grade disinfectant detergent designed for controlling the hazards of cross contamination. Built-in cosmetic fresh fragrance leaves behind a fresh clean aroma. Effective at 2 ounce per gallon on a broad range of bacteria, viruses and fungus. Kills HIV-1 (associated with AIDS), VRE, HBV and MSRA. EPA registered.

#40 *Mild Acid Washroom Cleaner*

Washroom Cleaner Concentrate is a blend of acids, wetting agents, emulsifiers and chelating agents to cut water spots, soap scum and scale on all tile surfaces. This product is safe on stainless steel and chrome. Can be applied with a sponge or sprayed on with a trigger sprayer. Washroom Cleaner Concentrate leaves surfaces clean and sparkling. Fresh fragrance.

BOTTLE FILL

#70 *Odor Neutralizer Ocean Fresh*

A breakthrough in odor control technology. Natural botanical fragrances will eliminate malodors anywhere. Fresh, yet not-overpowering. Subtle, yet irresistible. This product does not just cover up odors but instead completely neutralizes the malodor. Proprietary Ocean Mist blends.

BUCKET FILL

#50 *Neutral Disinfectant Cleaner*

Neutral pH formula is perfect for damp mopping highly polished floors and will never dull, haze or leave a film. With highly concentrated synthetic detergent combines a unique blend of quaternary compounds in one outstanding germicidal formulation. It is an excellent cleaner, disinfectant, deodorizer, fungicide, virucide and mildewstat specifically designed for hospital and institutional use. It is effective against a wide variety of both gram-positive and gram-negative bacteria and other microorganisms. This product has a pleasant fragrance. Effective at 1/2 ounce per gallon on a broad range of bacteria, viruses and fungus. Kills HIV-1 (associated with AIDS), VRE, and MSRA. EPA registered.
