

# UltraGloss

1.5 HP / 1500 RPM / 20"

Ultra High Speed Burnisher

## UltraGloss Design and Engineering Features

- Powered by a precision-balanced, 1.5 HP, D/C rectified motor. Eliminates brown-outs, low voltage and startup torque problems for fast, easy burnishing.
- 1500 RPM belt-drive transmission.
- The all-metal, balanced chassis provides more precise pad pressure and beautiful results.
- Low profile drive apron easily reaches under counter coves and beds. 20" apron size.
- Flexible pad holder with threaded pad-centering device conforms to floor irregularities, delivering an even shine and gloss. Order 20" pads.
- 6" non-marking operating wheels. Separate transport wheels prevent tracking of contaminants.
- Safety-enhanced interlock switch on the handle leaves both hands conveniently in control.
- Safety-enhanced, non-conductive dual triggers on the handle eliminate shock potential.
- Fully adjustable 48" handle is comfortable for all operators.
- Includes a 50-foot safety power cable. Motor plugs into cable at the base of the handle for easy maintenance.
- Non-marking super-thick bumper protects walls and baseboards.
- UL 7C29 listed for reliable quality.
- 5-year warranty on motor, transmission and chassis.
